>My Thoughts Of You (Relena)

>My tears shed no avail, Across the galaxy and universe.

>You stare at me with ice-cold eyes, A cold barrel you point at my
face.

>I wait for you to end it all, But all you do is stare at me.

>Your eyes seem confused and full of pain, Why haven't you done it, I
ask of you.

>"Just kill" me I scream at you, Why do you hesitate so?

>If you hate me then why wait, You have a mission complete it.

>The goal, your goal, destroy me, If I can't be with you release me.

>Look what this heartless world has done to you, Are you so blinded
that you don't hesitate to do away with me?

>I mean nothing to you, For your heart is stone.

>I tried to soften it with my care, But my tenderness can't reach
you.

>You can't be vulnerable; it was not what you were taught, If the
world comes crashing down on us it will crush
me and me alone.

>
The world cannot crush the great Heero, But Relena it will kill
for she is weak and bothersome.
>
"I can't do it" you cry out and struggle to keep the gun up, I
run to you, as you fall to your knees, I embrace

>you.

>You have become vulnerable and you shed a tear or two, I will keep you even though you hurt me so.

>"Relena" you whisper softly in my ear, I hug you even closer and a tear runs down my cheek.

>"Heero I'm sorry" I say to you, "I know your mission, and you must complete it" I say.

>You look at me and ask "Why Relena, Why?" Your face emotional for the first time makes me cry inside.

>I cannot stand the pain in your eyes, "Kill me, it will ease your pain." I say to you.

>You point the barrel at me once again, I back away and accept my fate for I know it's easier this way.

>You start to pull the trigger then drop it again, Your face and eyes becomes soft and you run to me.

>I stand in shock as you throw your arms around me and embrace me, You look at me then do something I never
thought you do, never do to me.
>
I, Relena, the weak and annoying teenager that sat next to you, I, The bothersome girl and in-the-way
>annoyance that troubled you so.

>I, Relena, corrupted your mission, But you brush that away, along with strands of my hair.

>You, Heero, the cold and stoical being, The one that hated me so.

>Your lips brush mine with years released passion. I never knew you'd love me but somehow you did.
